About

There are over a thousand puzzles that range from easy to hard. This book is meant for the experienced Sudoku player, so there is little room on the puzzle for note-taking. Each puzzle page has 12 puzzles that are labeled with names and are sorted alphabetically so that the solutions can be looked up in an organized way.

RULES

Sudoku is played on a grid of 9 x 9 spaces. Within the rows and columns are 9 smaller grids that are made up of 3 x 3 spaces. Each row, column, and square (9 spaces each) needs to be filled out with the numbers 1-9, without repeating any numbers within the row, column, or square.

NAVIGATING

The puzzles and solutions are named and organized in alphabetical order. The puzzles are at the beginning of the book, and the solutions are at the back of the book.
